Pierre Poilievre and the Common Sense Conservatives

LETTER FROM YOUR MP

After eight years of Justin Trudeau, we pay more for everything and bring home less of our incomes.

The cost of government is driving up the cost of living. Justin Trudeau is running the most expensive government in Canadian history. His half a trillion dollars of inflationary deficits bid up the cost of goods we buy and the interest we pay on our mortgages & debts.

Seniors have cut back on heat and one-in-five Canadians are skipping meals to save money.

Canadians are paying more taxes than ever, yet many government services feel broken. Now, Trudeau plans to triple his carbon tax on heat, gas and groceries.

Our Common Sense Conservative team will bring

home lower prices by capping costs, and stopping government waste to bring down inflation and interest rates. We will cancel Trudeau's tripling of the carbon tax to stop punishing hard-working Canadians just for buying food, filling their cars, and heating their homes.

Under the leadership of Pierre Poilievre, our Conservative team will deliver a country that works for the people who've done the work—where everyone who works hard brings home a good living and a great life. Only the common sense of the common people, united behind our common interests, will bring home a country that works for all Canadians.
